

HAIRSPRAY KUDOS

Congrats on Hairspray. It was all I expected and more. Cornie Collins was my favorite but all your leads ROCKED! -*Irene Ziegler (Richmond theatre legend)*

Hairspray was a tour de force. It looked great! I especially enjoyed the costumes. I was impressed with the wide variety of styles that were accurately 60's but covered a broad spectrum of looks from the period. Of course, I was blown away by the voices in the show. Kate and Mariah are incredibly talented! The energy and enjoyment of the actors really projected out to the audience. They shared the fun they were having with us. Once again, thanks for a really enjoyable evening and congratulations on a terrific production! - visitor

Congratulations on a fabulous show! Please tell the kids and teachers involved that they did an amazing job. KUDOS and CONGRATS! -*local music professional*

I was so excited to hear TD was doing HAIRSPRAY as it was my first Broadway show in NYC, and my excitement grew when I got to see the previews during lunches. I attended the Friday night performance and was totally blown away! I had a smile on my face during the whole show and was on my feet at the end! I have been raving about it to anyone who will listen all weekend. If I didn't need to be out of town on Saturday night, I would have come again to that show. The entire cast and crew did an absolute outstanding job! I know you are very proud of them, but be very proud of yourself as well! Thanks so much for all you do. -TDHS staff member

The show was fabulous and the talent - once again - was unbelievable! I had seen this musical live at the Landmark a few years back and thoroughly enjoyed the production at TDHS just as much! Please pass along continued applause for everyone involved in the production...it was simply amazing!
- *visitor*

I know you'll probably get plenty of these in the next few days, but I am still compelled to send something. Having seen other musicals on a high school level, I was unprepared for the magnitude of the performance last night. I can tell you that Thomas Dale High School's production of Hairspray was hands down the best thing I've ever experienced on stage for a high school. - visitor

Please pass along to all involved....I attended the Hairspray production last night - WOW! I was so impressed by every aspect of the show. The music, vocals, acting, choreography and setting were all truly amazing. From the opening number - Good Morning Baltimore until the closing - I was blown away. Awesome job!!! - *parent*

Once again - truly wonderful performance and show last night. I can't wait for the rest of our family and friends to come see it. I am proud to have my daughter be a part of Hairspray. Thank you for everything!!

I was very moved by the whole experience, but I have to say that Motormouth's song "I Know Where I've Been" was so moving and brought tears to my eyes like any inspirational song should. She has an absolutely powerful voice!!

I was at the T. D. production of Hairspray last night and enjoyed every minute! Your orchestra was fabulous! I thought the music would be from a soundtrack! What a pleasant surprise I had! Your students were great and I wanted you to know that. - *community member*

I just got in from opening night and I must say TDHS has the most talented students! They were great. Motormouth Mabel brought it on, Tracey was excellent and Seaweed was great! My hands are sore from clapping and my voice is gone from yelling. What a production. - *area teacher*

I cannot even begin to express how absolutely AMAZING the show was. The kids are just INCREDIBLY talented, but also obviously very well directed! I left in complete awe!!! JOB WELL DONE!!! - *visitor*

WOW!!! I absolutely LOVED it! Tell all the kids I will be RAVING about it tomorrow to everyone! It was so incredible! - *area theatre teacher*

I just want to say to all of you and to everyone who worked on Hairspray: BRAVO!!!!!! With the long and stressful hours of work over many months, opening night was absolutely fabulous—a top quality production, showcasing the talents and dedication of everyone who committed him/herself to achieving the highest standards in producing this musical !!!! Congratulations to all of you, and please extend my kudos to the cast, crew, and musicians!!!!!! Thank you for creating a show that will be forever etched in my memory! - *TDHS staff member*

Kudos to you and your cast and your orchestra and everyone involved with the production! What a wonderful show! Several of my friends came last night and are talking about the production this morning! They were very impressed with the talent! Thank you for such an enjoyable evening! We are going to be there tonight and tomorrow with more friends and family! - *parent*

Hairspray was absolutely one of the most amazing things I have seen high school students do. Your hard work is greatly appreciated and will provide these students with life long memories that they will all cherish. I am sure seeing their faces and excitement after the performance made all the work worthwhile. Congrats and thanks for all you do! - *TDHS staff member*
